About Us.

GMARBLE® has been collaborating with more than 250 companies in natural stone sector since 2003 on industrial diamond cutters/blades, industrial polishing tools also different surface treatments and its quality.

We import our products from European and Asian countries mostly, along with doing business with domestic natural stone producers.

Since 2013, we have been working on marble blocks, slabs, tiles, water-jet and decorative products in particular projects to expand our customer service all around the world. We do our best to provide the needs in your projects with high quality.

Cooperation and consultation on natural stone projects

Inspecting and controlling the orders from the blocks to the production until its loading. We provide Quotation, Sample, Dry-lay, Labeling and packing, loading and transferring carefully with all our professionality.

20 Years Experience with more than 250 natural stone providers

We give service and control on production quality for natural stone manufacturers. Supplying diamond cutters and polishing tools and proving and controlling the quality for finished product. This cooperation is our biggest advantage for our natural stone customers.

With this confidence,we have one of the largest natural stone collection and quality control on the products.

Leading the market of production and quality service is also a big advantage for our prices and for our partners. This is the how we have competitive prices for highest quality products and customer service.
